

Mother and Child 2020

Help us understand the impact of the bushfires and COVID19 on pregnant mothers and their babies.

If you were:

- pregnant OR had a baby no older than 3 months on 1st February 2020, or
 - you became pregnant by 30th April 2020,
- you're invited to participate in the Mother and Child 2020 study.

All mothers, exposed or not exposed to bushfire smoke, are welcome to be involved.
